

23-24 January 2021

Chess webinar with Senior FIDE trainer Grandmaster Alex Baburin

Pawn Play in Modern Chess

The participants will learn how to use pawns in attack and defence, examine special qualities of the isolated, hanging, backward and doubled pawns, and discuss the most common pawn structures and related plans.

This webinar is for players over 25 years old, aimed at those with an ICU or FIDE rating between 1400 and 1800. Players outside but close to this rating band are welcome to join as well at their own discretion.

Minimum number of participants: 4, maximum: 12.
